

CTH30

3000 LUMEN FULL COLOR TUNABLE WHITE

MANUFACTURED IN THE UNITED STATES - IBEW

The **CTH Series** features tunable color and a high CRI output. They can be controlled via DMX/RDM or even 010V controls. They feature tunable white from 1800K-8000K with a CRI of 90+ across the entire temperature range. Rich blues, ambers, reds, violets and greens can be added in gradients or can completely saturate the output of the light. Interchangeable reflectors allow beam angles between 10° and 60°. This fixture is perfect for retail applications such as car dealerships and clothing stores but is equally well suited for illuminating artwork or using in an archtainment setting. The variable white feature also makes it a good option for healthcare facilities.
