

Valiant Series

200W White & RGBW LED

5 Holt Drive,
Stony Point, NY 10980
845-947-3034
info@tslight.com

The Valiant Series from Times Square Lighting is a range of LED Ellipsoidals. This series features high quality optics, high CRI, and is available in 200W white and RGBW models. The unit is capable of sharp pattern projection and comes equipped with framing shutters. Patterns can be standard or custom metal gobos, or even plastic slides thanks to the unit's cool-running nature.

The Valiant Series accepts DMX-512 input for color and strobe function control. A DMX output is provided on the unit as well.

The Valiant Series is available with 19°, 26°, 36°, and 50° interchangeable lens tubes. The fixture is made from high-grade PVC and is available in black finish.

Construction

- Made of Polyvinyl chloride
- Weight: 13.2 lbs

Accessories

400TH	Snoot
400HH	Half Snoot
400CF	Color Frame
400PH-B-V	Steel Pattern Holder
400PH-G	Glass Pattern Holder
400DN	Pattern Donut
400RS	Drop-In Iris
