**Track Systems** by Times Square Lighting

**Mono-Tube Track**

Mono-Tube Track is a structural system ideal for lighting, exhibits, displays and retail applications. Enclosing track in an extruded aluminum tube creates a pleasing environment while allowing for numerous mounting options.

Mono-Tube Track is available in standard silver (raw) and in lengths measuring 4, 8, and 12 feet. Custom lengths and colors are also available. The integrated track can be ordered in 1, 2 and 3 circuit systems.

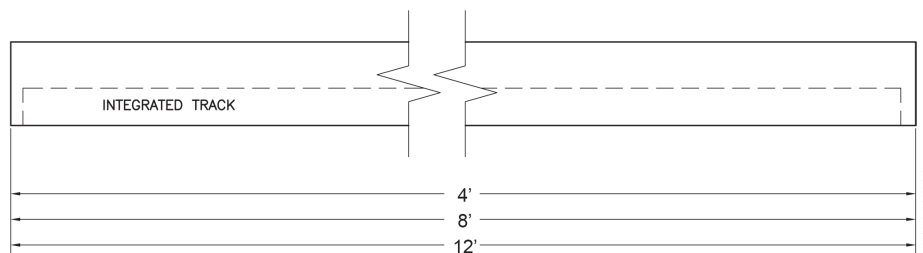

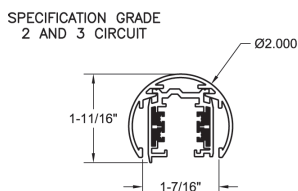

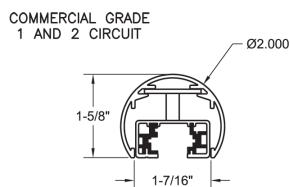

Manufactured in the USA - IBEW

**Features:**

- 1, 2 or 3 circuit integrated track
- Custom sizes available
- In-house automated powder coating (Pantone matching available)
- Ability to incorporate lighting fixtures by other manufacturers
- Free AutoCad design support
- Numerous mounting options include clamps and aircraft cable

**Model #'s:** *(excluding integrated track)*

- M-4 4' Mono-Tube Track enclosure
- M-8 8' Mono-Tube Track enclosure
- M-12 12' Mono-Tube Track enclosure

NOTE: CUSTOM LENGTHS AVAILABLE. CONSULT FACTORY FOR DETAILS
