The **CELESTE Recessed** is a customizable high-output recessed luminaire. Emphasizing deep dimming and efficacy, it features multiple control options and pairs seamlessly with the Celeste pendant. The single point source LED array has multiple beam angles available, and can be customized with accessories.

The CELESTE Recessed is a fully functional DMX/RDM fixture, with all the advantages and conveniences experienced industry professionals are accustomed to. With DMX/RDM control, you can individually address and dim the fixtures. Dimming is completely flicker-free and safe for video and film applications.
