

Simplified Stage Lighting Systems for Schools and Churches

We help engineers deliver professional grade, reliable, and budget-friendly theatrical lighting systems for stages in schools and houses of worship - no theatrical background required.

WHAT WE PROVIDE

Stage Lighting Fixtures - RGBW spots, floods, fresnels, and houselights
Controls Systems - Consoles, touchscreens, preset stations, and wireless tablets
Power & Data Distribution - Plug boxes, receptacles, splitters, and relays

IDEAL APPLICATIONS

- K-8 School Cafeteriums
- Multi-Purpose Stages
- Church Sanctuaries
- Event Spaces
- Community Theaters
- Gymnatoriums /
Black Box Spaces

CONTROL PARTNERS

WHY ENGINEERS CHOOSE US

- Step-by-step guidance from design to submittals, installation, and commissioning
- Straightforward system layouts and riser diagrams
- Designed for non-technical users such as teachers and church leaders
- Easy to use, low maintenance systems with professional results
