

PRISM PROFILE WW IP

300W WARM WHITE IP RATED LED PROJECTOR

The Prism Profile WW IP is an IP65 rated ellipsoidal featuring a 300W warm white LED and a zoomable lens tube. It is designed for theatrical and outdoor applications where high-definition lighting is needed. The DMX controlled lens tube can be adjusted from 15-30 degrees and also features an automatic zoom and focus for crisp gobo projection. Its high quality die-cast aluminum housing allows it to stand up to any environment and also features a fan-less passive cooling system to ensure silent operation.
