

LED21PM CHELSEA RECESSED

PATTERN AND FRAMING PROJECTOR

MANUFACTURED IN THE UNITED STATES - IBEW

PRODUCT LISTED
BY A NATIONALLY
RECOGNIZED
TESTING
LABORATORY

An ideal pattern and framing projector for low ceiling applications, the Chelsea Recessed installs flush with the ceiling line to create a clean look. The removable trim plate allows for effortless pattern installation, aiming and shuttering. Once your desired look is achieved, simply re-install the trim plate. The mirror within the unit is on an X and Y axis and each lens tube has a maximum pan and tilt listed within the specification sheet.

The Chelsea Recessed can project stock or custom patterns in both glass and stainless steel. Four shutters are included with the unit for framing purposes, and a wide range of dimming options is also available.

FEATURES

- 100-277 Volt available
- 50,000 hour lamp life
- Framing shutters included
